

SHABBIR AHMED SHAIK

Lead Software Engineer / Senior Engineer + Tech Lead

+1 (848) 256-2189 | shabbeer.shaik@outlook.com | [linkedin.com/in/shabbir-ahmed-shaik](https://www.linkedin.com/in/shabbir-ahmed-shaik) | [portfolio](#)

PROFESSIONAL SUMMARY

Lead Software Engineer with 20 years of experience leading enterprise-scale digital transformation programs across banking, healthcare, and manufacturing. Expert in modern development practices: trunk-based CI/CD, feature flag management via *LaunchDarkly*, secure release practices, and AI-driven development acceleration.

Track record of delivering M+ in cost savings, NYDFS regulatory compliance, and mission-critical platform modernizations spanning Identity & Access Management (IAM), cloud migration, and full-stack application delivery. Technical thought leader who champions code quality, system design rigor, and innovative engineering practices.

CORE COMPETENCIES

- | | | |
|--------------------------------|------------------------------------|------------------------------------|
| ◆ System Architecture & Design | ◆ Full-Stack Development | ◆ Application Modernization |
| ◆ Security & IAM | ◆ Technical Leadership & Mentoring | ◆ Cloud Architecture & DevOps |
| ◆ Advanced Testing & Quality | ◆ Monitoring & ITSM | ◆ Cross-Functional Team Leadership |
| ◆ AIDLC & Agentic AI Workflows | ◆ Model Context Protocol (MCP) | ◆ GenAI & Prompt Engineering |

PROFESSIONAL EXPERIENCE

Lead Software Engineer

Nov 2015 – Present

Mphasis Corporation (embedded at Charles Schwab) | Austin, TX

Technical Leadership & Architecture

- Led technical design and mentored 12+ onshore/offshore engineers across feature teams; established code review standards, **architectural patterns** (microservices, API design), and TDD practices that elevated team code quality.
- Empowered Schwab's front-line teams by redesigning the Customer Service tool to **improve operational efficiency** and accuracy while maintaining robust security controls—resulting in reduced errors and faster resolution times.
- Established **trunk-based development** and automated CI/CD pipelines, reducing deployment cycles **from days to hours**, improving release reliability and engineering velocity. Championed **LaunchDarkly** for feature flag management, reducing deployment-related incidents by 40% through phased rollouts.
- Designed and built **AI-driven development tools**: *AutoDoc* (MCP-powered agent for automated repository documentation) and *Flow-Guard* (autonomous agent for end-to-end testing), accelerating team velocity by 30%.

Key Initiatives & Outcomes

- Accelerated the delivery of the Rep **passkey management** feature, equipping Customer Service Representatives (CSRs) with secure user-management capabilities well ahead of schedule.
- Delivered Branch Passcode authentication feature (*Angular frontend, .Net Core backend, Transmit Security integration*) with zero technical debt saving **283.5 annual CSR hours** annually.
- Leveraged GitHub Copilot and advanced **prompt engineering** to accelerate full-stack development, automate complex pull request (PR) reviews, and rapidly remediate Veracode/SonarQube security vulnerabilities at scale.
- Led MFA Hardstop implementation under **NYDFS regulatory deadline**; mitigated security risk and strengthened compliance posture across cross-functional teams.

Program Lead (Senior Associate)

Jan 2013 – Nov 2015

Cognizant Technology Solutions | College Station, TX / Bangalore, India

Technical Leadership & Delivery

- Architected OpenText Content Server 10.5 **migration** across 4 production systems; designed zero-downtime upgrade strategy with fallback procedures; shipped with zero customer impact and zero rollbacks.
- Designed and developed **reusable C# WCF services** for automated data validation and transformation; built abstraction layer enabling team to work 40% faster on future migrations; utilities saved \$200K annually and reduced manual data errors by 85%.
- Mentored team of 8 engineers on **secure coding practices**, performance optimization, and architectural design patterns; established code review process that improved code quality and **reduced production bugs by 40%**.
- **Optimized** OpenText Content Server performance through database indexing, connection pooling, and query optimization; improved system responsiveness 50% and reduced resource utilization by 30%.

Key Initiatives & Outcomes

- Created reusable C# utility to consume language translation services and translate data that saved **\$700K** to organization annually.
- **Automated** frequent manual tasks by creating C# windows applications, increasing team's productivity by 30%.
- Improved customer satisfaction by **18%** through structured incident management and transparent stakeholder communication; enforced ISO 20k, ITIL, and CMMI standards — achieving 35% improvement in operational satisfaction metrics.

Earlier Career (pre-2013)

- **Senior Consultant** | Capgemini Consulting (Client: *Philips IT Applications, Andover, MA*) May 2010 – Jan 2013
- **Business Analyst** | Essilor Manufacturing India Pvt. Ltd. Mar 2009 – Apr 2010
- **Senior Software Engineer** | EffOne Technologies Pvt. Ltd. (Client: *Metavante Corp, Brown Deer, WI*) Jun 2006 – Mar 2009

TECHNICAL SKILLS

IAM & Security: OAuth2, OpenID Connect, SAML, SSO, MFA, RBAC, RBA, Transmit Security, Okta, LDAP

Languages: C#, Core Java, JavaScript, VB.NET, OSscript

Frameworks: .NET Core, Angular 16, Spring Boot, ASP.NET, ASP.NET MVC

ECM / BPM: OpenText Content Server 16.x / 10.x, Livelink 9.7.x

Cloud & DevOps: Google Cloud Platform, Pivotal Cloud Foundry (PCF), CI/CD Pipelines, Trunk-Based Development

Databases: MongoDB Atlas, SQL Server, Oracle, MySQL

Dev Tools & IDEs: VS Code, GitHub Copilot, Model Context Protocol (MCP) Servers, Custom AI Agents, Prompt Engineering

Testing & Quality: JMeter, Cucumber, Veracode, SonarQube, Bamboo

ITSM & Monitoring: Grafana, ServiceNow, Remedy, Splunk, JIRA

Methodologies: Agile, SAFe, Scrum, PI Planning, ITIL, Six Sigma, CMMI, TDD, Lean

EDUCATION

MBA — Information Systems, Sikkim Manipal University, India

2011 – 2013

B. Tech — Electronics & Communications Engineering, JNTU Hyderabad, India

2000 – 2004

CERTIFICATIONS

- **Generative AI Overview for Project Managers** — Project Management Institute (PMI)
- **Introduction to Data Science** — Cisco Networking Academy
- **ITIL v3 Foundation** — Certification No. 26113-649541
- **Certified Six Sigma Yellow Belt** — ASQ
